### **Amp it up with these optional extra's:**

~ Five additional images with special effects - add \$10.00

~ Brace Retouching - please enquire in advance

~ Add 10 x 20 storyboard - \$80

~ Add announcement/invitation package - \$25 design fee, and you select from flat cards, folded cards or hot-right-now trifold cards. I will provide you with a print estimate based on your card selection and the number of cards required.

Your images will be uploaded to a private gallery, where you may view and make your prints selections at leisure. Once you have decided on the images and sizes you would like, I'll place your order at a professional lab that produces prints of superior quality and longevity. I will select only the best images from the session - any images that are not included in your gallery are either near-duplicates or unflattering (closed eyes, wind blew hair across face, unexpected movement etc). You will have a minimum of 50 images from which to choose.

#### **PAYMENT DETAILS:**

\$100 non-refundable retainer is due when you book your session. The remaining \$75 is payable at the end of the session. Prints payment is due on placement of your order. I prefer cash or checks, and also accept credit card payments through Paypal. Even if you don't have a current Paypal account, you may pay online with a credit card. For this option, please email me to request credit card payment. I will email you a Paypal invoice, and require payment on receipt thereof.

I try to keep my turnaround time at 10 to 15 business days. During busier, seasonal times, I'll let you know if turnaround will be a little longer.

\* I will travel up to 15 miles radius for a location session. For locations between 16 and 30 miles of my home (Hudson, WI) please add \$20. For locations 30 miles and farther, please add \$35.

Your images will be uploaded to a private gallery, where you may view and select your image files for your CD at leisure. Once you have decided on the images, you will send me a list, and I will burn a CD for you with your images in high-res Jpeg format. I will select only the best images from the session - any images that are not included in your gallery are either near-duplicates or unflattering (closed eyes, wind blew hair across face, unexpected movement etc). You will have a minimum of 50 images from which to choose.
